Notes: First four columns of estimates were generated from the Urban Institute's TRIM3 model.

(1) Children <13 (or disabled and below state age limit for disabled) with both parents working or in education/training programs. No income limit.

(2) Children from (1), if family income below 85 percent of State Median Income, the maximum limit allowed under Federal law.

(3) Children from (1), if family income below eligibility limits set by each state (based on limits in effect as of October 1997).

(4) Estimated children receiving CCDF child care subsidies, April – Sept 1998. State administrative data reported to Child Care Bureau and adjusted to reflect CCDF subsidies only. Estimates are preliminary and subject to revision.
